A deep dive with our programs on Glaucoma treatment

BASIC SURGICAL GLAUCOMA

A course for Ophthalmologists new to Surgical Glaucoma with an interest in acquiring good theoretical and practical skills. This course is theoretical and hands on in a wetlab setting.

ADVANCED SURGICAL GLAUCOMA

Discover the glaucoma treatment hierarchy, including first-line laser treatment and Minimally Invasive Glaucoma Surgery. This course empowers professionals to incorporate the latest innovations into their clinical practice through expert-led lectures, group discussions, and hands-on training in a modern wetlab environment.
